

# VP-200

## TWO-TONE SEQUENTIAL

# Apollo

DIGITAL PAGING COMPANY

### FEATURES:

- Available in Low Band, VHF & UHF
- Two Tone Decoding Format
- 12 call channels / 8 individual and 4 group
- 480 seconds built in stored voice memory
- Loud clear alert level
- Large volume control knobs with on/off
- Function Switch: different function switch will be configured to 4 position
- Two frequency channels
- Silent & Priority Scan
- Programmable Narrow / Wide Band Channel
- IP54 Rating

### ACCESSORIES:

- CHARGING DOCK
- AMPLIFIED CHARGER

### SPECIFICATIONS:

Tone Coding	Two-Tone Sequential
Frequency	Low Band 33~50MHz VHF 135~174MHz, UHF 430~470MHz
Channel Spacing	12.5 KHz / 25 KHz
Paging Sensitivity	4uV per meter
Alerting	4uV /m for VHF ; 3.5uV/m for UHF
Adjacent channel selectivity	50dB+/-12.5KHz for VHF NB ; 60dB+/-25KHz for VHF WB 50dB+/-12.5KHz for VHF NB ; 60dB+/-25KHz for UHF WB
Spurious Rejection	60dB below carrier for VHF ; 50 dB below carrier for UHF
1st Image Rejection	60dB below carrier for VHF ; 50 dB below carrier for UHF
2nd Image Rejection	60dB below carrier for VHF ; 60 dB below carrier for UHF
Frequency Stability	±10ppm for VHF ; ±3ppm for UHF
Alert Tone	92dBa at 30cm (12")
Audio Output	90dBa at 30cm (12")
Power Consumption	9mA
Power Supply (rechargeable battery)	3 x 1.2V AAA 800mAh Ni -MH
Battery Life	About 20 days(10 days without battery saver)
Dimension (mm)	104(L)x 62(W) x 30(H)
Weight	6.53 oz.
