Screen Shot for Server

The screenshot shows the 'Easy Paging Server Version 1.1' application window. The menu bar includes 'EasyPaging', 'Setting', 'Monitor', 'View', and 'Help'. The 'Setting' menu is open, showing options: 'TX125EN Transmitter Setting', 'Create individual receipt data & program pager', 'Create group receipt data', and 'Register'. The 'Monitor' menu shows 'Monitor TX125EN transmitting status'. The 'View' menu shows 'view the list of each client status'. The 'Help' menu shows 'software version, receipt version'. The main window has sections for 'Server Information' (Host Name: Zoe-WinXP, IP Address: 192.168.88.45), 'Server Log' (with 'Clear Log' and 'Clear Database' buttons), and a table of client logs.

Server Information
